

Can Hackathon be a tool to increase Innovation activity and the University-Industry Interaction?

The Rosewood 4.0 project's Scandinavian Hub has picked "Evergreen Innovation Camp Hackathon" to be the most promising Best Practice to meet our challenge "Lack of efforts to find new challenges", as described in the Road Map for the Northern region. Get inspired by listening to experiences and recommendations from the organizer of the Evergreen Innovation Camp Hackathon:

<https://www.evergreen-innovationcamp.io/>

Tretorget/Norwegian Wood Cluster and Paper Province invite you to a webinar where you will be given a short presentation from the Austrian organizer and be able to ask questions directly to the organizer.

WHEN: 25th of May 14.00 - 14.30 (CET)

WHERE: Online on Zoom

SPEAKER: Johannes Müller, Managing Director TECHHOUSE, and Ulrike Unterberger, Marketing & Communications Manager HS Timber Group

FACILITATOR: Ola Rostad, Tretorget

REGISTRATION to: post@tretorget.no at latest 24th om May. Link to the event will be sent only to those registered in time.

New meetings will be organized with stakeholders interested in joining us in creating a parallel event in Inner Scandinavia.

The event is co-organized with:

- Norwegian Wood Cluster <https://www.nwcluster.no/>
- FORREGION Innlandet [Satser videre på forskning - Innlandet fylkeskommune](#)
- Interreg Swe-No BiS <https://bioeconomyregion.com/nb/start/>
- Interreg BSR Connected By Biobord <https://www.jamk.fi/en/Research-and-Development/RDI-Projects/rdi2club/front-page/>
